

# Accessibility statement FRDO-CFDD

The Federal Council for Sustainable Development is committed to making his/her website accessible, in accordance with the [law of 19 July 2018 on accessibility of the websites and mobile applications of public authorities](#).

This accessibility statement applies to the website: <https://www.frdo-cfdd.be>

## Compliance status

This website is partially accessible because of the non-conformities and exemptions listed below.

## Preparation of this statement

An external accessibility audit was carried out. This consisted of a simplified analysis. Its report is available here: <https://scan.accessibility.belgium.be/nl/report/2021/www.frdocfdd.be> .

## Non-accessible content

The content below is not accessible because of the following reason(s):

- All documents on our website are not accessible in the same way. We aim to make all documents accessible. For less recent documents, this may not always be the case. Among other things, we strive to make references via links as transparent as possible.
- Many of the documents on our site are in PDF form. These include opinions. It is not practically possible to reproduce all such documents in full on web pages.
- Our videos are not all subtitled yet, or they are subtitled in a different national language than the speakers in the video.

The external audit was conducted in August 2021. At that time, we still had our former website, which still had a lot of accessibility problems. We now have a completely new website, which we hope will be much more accessible. In formatting the new site, we took the audit findings into account as much as possible.

## Suggested alternatives

We will retrospectively screen all content on our website as much as possible to further improve its accessibility. We are looking at what we can do for videos.

## Drafting of this accessibility statement

This accessibility statement:

- was made on 05/12/2022
- was prepared by the FRDO-CFDD secretariat
- was last revised on 05/12/2022.

## Improvement plan

In the coming months, we will be working permanently to improve our revamped website. The accessibility of the site will be improved in the process.
